

ECM-25

Sustainable Engineered Bamboo Event Matting and Turf Protection

- ✓ **Cost-Efficient**
- ✓ **Authentic, Natural Material**
- ✓ **Rapid Installation**

CUSTOM-DESIGNED ACCESS:

For Events, Stadiums, Arenas, Festivals, Temporary Pedestrian and Light Vehicle Access.

STREAMLINED DEPLOYMENT:

Lightweight - 16kg (35 lbs) per mat, easy to install.

RAPID CONNECTION:

4- and 2-way patented installation points.

STRENGTH:

Tested 647 PSI (4,459kN/m²)
exceeds composite weight loading capacity.

DIMENSIONS:

0.9m x 0.6m x 25mm with 0.5m² (5.38sq ft) in useable area.

COVERAGE PER CONTAINER:

710m² working area per 20ft container.

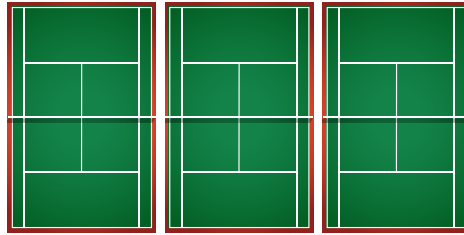

SUSTAINABLE MATERIAL:

Made from Flex Weave Bamboo.

1 TRUCK LOAD = 710 SQUARE METERS

1  Container = 710m²

1  Container = 3 Tennis Courts

18  Container = 1 Football Pitch

ECM-25 SPECIALIZED FEATURES

4 Way Connector with Quick Foot-Activated Install

2 Way Connector with Quick Foot-Activated Install

Built-in Ground Aeration Allow Consistent Airflow to Preserve Grass Development. Connectors do not Touch the Grass.

Description	ECM-25 Event Mat	ECM Advantage	Composite
Actual Size	0.9m x 0.6m x 25mm 0.54m ²	Thinner / Stronger / Lightweight / with Rapid Quick-Lock Patented Installation and Recovery	1.2m x 1.2m x 38mm 1.49m ²
Useable Area	0.50m ² (5.38 sqft)		1.23m ²
Weight	16kgs (35 lbs)		22.7kg (50 lbs)
Strength	647 psi (4,459 kN/m ²)		300 psi
Thickness	25mm (0.98 inches)	34% Thinner	38mm
Coverage / 20ft container	1420 mats 710m ² (7,600 sqft)	38% More Coverage	420 mats 512m ² (5,555 sqft)
Connectors	4 snap lock per mat	Quicker Connection	12 connection points
Buoyancy	No	Does not Float	Floats
Ground Aeration	Yes	Full Length Aeration	Yes
Fire Rating	Class A ASTM E84	Does not Burn	Melts at 121 °C (240F)
